September 10, 2020

Dear Parents and Guardians,

Great news!! The federal government has extended the summer meals program to December 31 or when the program runs out of money, whichever comes first. That means that all of our students can eat for free whether they qualify for the free/reduced meals program or not...at least until the program ends.

This program will include both virtual and hybrid students as well. Meals for these students will be distributed on Wednesday's at the middle school. To pick up meals, go to door #5 on the east side (Edgewood Elementary side) of the middle school. Meals can be picked up between the hours of 8:00 a.m. and 2:30 p.m. And, of course, students attending school do not have to do anything to qualify for this program…they just eat for free!

Virtual students may pick up 5 meal kits which contain both breakfast and lunch. Hybrid students (those face-to-face twice a week) can pick up 3 meal kits. In the coming week or so, we will also be covering meal kits for weekends so that virtual students would pick up 7 days of meal kits, hybrid students would pick up 5 days of meal kits, and face-to-face elementary students could pick up 2 meal kits to cover the weekends. **You will be notified when the 7 day meal kit program is ready to go.**

At this time, you are not required to complete the free/reduced meals application to be eligible for these free meals. But please complete this application if you haven't already, so that you do not experience any disruption to feeding your child should this program abruptly end.

Please direct your questions to Zach Zost, our food service director, who can be reached at zzost@fruitportschools.net.

Sincerely,

Bob Szymoniak, Superintendent
